

### B.F.F.L Group.

Me, Claudine, Nicky and Martina were in the street one day just hanging about like we normally do when we saw Scott and Angie, they stopped and introduced themselves and told us who they were, we all introduced ourselves to them and we filled out there little Oot n Aboot form,

Since then we now meet up every week and do some good work for the community,  
We are trying to change the bad stuff into good and we would like more fun things to do.  
We called our group B.F.F.L which stands for Best friends for life!

we do some fun things with Oot n Aboot but we also work really hard to, to do all the things 'us' the young people in Niddrie want to change, Niddrie is going to become a better place once were finished doing this project, We hope you all respect all the changes that are being made for 'your' community!

Tamara!!
